

## ***Planning Application Form***

### **BEFORE FILLING OUT THIS FORM PLEASE NOTE THE FOLLOWING:**

Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application. Therefore please ensure that each section of this application form is fully completed and signed, entering n/a (not applicable) where appropriate, and that all necessary documentation is attached to your application form.

### **ADDITIONAL INFORMATION**

Leitrim County Council has its own County Development Plan, which sets out local development policies and objectives. The Planning Authority may therefore need supplementary information (i.e. other than that required in Part A of this form) in order to determine whether the application conforms to the development plan and may request this on a supplementary application form. [See parts B & C of this application form]

Failure to supply the supplementary information will not invalidate your planning application but may delay the decision-making process or lead to a refusal of permission. If applicants have any queries as to whether or not parts B and / or C apply, they should contact the Planning Authority to determine what local policies and objectives would apply to the development proposed and whether additional information is required.

### **OTHER STATUTORY CODES**

An applicant will not be entitled solely by reason of a planning permission to carry out the development. The applicant may need other consents, depending on the type of development. For example, all new buildings, extensions and alterations to, and certain changes of use of existing buildings must comply with Building Regulations, which set out basic design and construction requirements. Also any works causing the deterioration or destruction of the breeding and resting places of bats, otters, natterjack toads, Kerry slugs and certain marine animals constitute a criminal offence unless covered by a derogation licence issued by the Minister for Arts, Heritage and the Gaeltacht (pursuant to Article 16 of the Habitats Directive)

### **DATA PROTECTION**

The planning process is an open and transparent one. In that context, all planning applications and accompanying documentation, with the exception of certain contact details, are made available for public inspection/purchase and may be made available on the Planning Authority's website. Leitrim County Council publishes a weekly list of planning applications received/planning decisions made in hard copy format on our website.

It has come to our attention that the publication of planning applications by Planning Authorities can lead to applicants being targeted by persons in the business sector engaged in direct marketing. **However, the use of the personal details of planning applicants, including for marketing purposes, may be unlawful under the Data Protection Acts 1988-2003 and may result in action by the Data Protection Commissioner against the sender, including prosecution.**

# PLANNING APPLICATION FORM - PART B

**Advice:**

Part B of the application form should be completed in its entirety for all applications for permission to develop Single Houses in the Leitrim Countryside. While the non-completion of Part B will not render an application invalid, failure to complete the form accurately and in full is likely to result in a request for further information and may result in a refusal of planning permission. The giving of false or misleading information will adversely effect the favourable consideration of the application.

Before completing Part B, you are advised to consult and consider the relevant provisions of the County Development Plan, which sets out the Council's policy in relation to Rural Housing Needs.

This part of the application form is to be completed and signed by the applicant and spouse/ intended spouse/ partner/ co-applicant.

**Please Note:** Whilst all of the information supplied will become part of the public record, it will not be made available under the Data Protection Requirements.

Where the applicant refers to the fact that the proposed source of water is a bored well, then the location of the bored well should be indicated on the site layout plan.

27. Indicate, on a site layout plan, the available sight distances from a point 3 meters back from the roadside edge. Full extent of sight visibility, along both vertical and horizontal alignment of the road, to be provided. The removal of any existing hedgerow material as necessary to achieve the required sight distances should also be included. Full details of the extent of necessary work (trimming back, reduction in height, removal, etc.), should be fully specified. Any necessary letter(s) of consent from adjoining landowner(s) should also be submitted. Said letter to be referenced to the submitted drawing:

a. Site Layout Plan provided; Yes  No

b. Letter(s) of consent provided Yes  No

28. Is the site an elevated or exposed site? Yes  No

If yes:

A contour survey, at 0.5m intervals, of the site shall be submitted. Provide a contour survey of the overall site proposed for development, together with a longitudinal section through the proposed development site, showing, inter alia, the following:-

- finished floor level and proposed ridge level of the dwelling and any other structure;
- existing level of the public road;
- existing level(s) of any dwelling(s) adjacent to the proposal.

If no:

Provide spot levels across the site specifying:-

- Existing ground level at the centre point of the location of the proposed house
- proposed finished floor level and ridge level of the house
- existing road level at the entrance to the site and at the centre point of the roadway, along the frontage of the site.

## PLANNING APPLICATION FORM - PART C

### APPROPRIATE ASSESSMENT UNDER ARTICLE 6 (3) OF THE HABITATS DIRECTIVE

#### Advice:

The requirements set out below in terms of the format of the submission must be complied with in its entirety for all<sup>1</sup> applications for permission. While the non-compliance with Part C will not render an application invalid, failure to comply is likely to result in a request for further information to include a request for a 'Statement for Appropriate Assessment'. The absence of this information may result in a refusal of planning permission. The giving of false or misleading information will adversely effect the favourable consideration of the application.

Information supplied will become part of the public record, available without restriction to the General Public.

1. Before making a submission in respect to the requirements set out in Part C, you are advised to consult and consider the relevant provisions and information set out in the following documents:

- County Development Plan including the accompanying Strategic Environmental Assessment:

[http://www.leitrimcoco.ie/eng/Services\\_A-Z/Planning-and-Development/Development-Plans/County-Development-Plan/County\\_Development\\_Plan\\_2015-2021/](http://www.leitrimcoco.ie/eng/Services_A-Z/Planning-and-Development/Development-Plans/County-Development-Plan/County_Development_Plan_2015-2021/)

- here you will find details in respect to the Environment and Natura 2000 sites in particular.

- The National Parks and Wildlife website:

---

<sup>1</sup> Virtually all of County Leitrim is within a 15Km zone of a Natura 2000 site. Accordingly, a statement of screening will be required in most instances, unless, in certain exceptional circumstances, the application is of such a nature that it would clearly have no potential for a significant effect on the "conservation objectives" of any Natura 2000 site.

- Appropriate Assessment of Plans and Projects in Ireland Guidance for Planning Authorities, (Dec. 2009) issued by the Department of Environment, Heritage and Local Government,

- here you will find guidance on the Appropriate Assessment process
- The River Basin District web site:
  - here you will find maps and reports on the quality of waters. The reports associated with waterbodies is a good reference as to the whether the Habitats Directive is applicable to the waterbody.
- The Draft Habitats Directive Assessment of the Border Regional Planning Guidelines 2010 – 2022:
  - here you will find a screening report and an appropriate assessment of the Draft Border Regional Planning Guidelines and in particular a schedule of the Natura 2000 sites indicating the associated “qualifying interests”, “conservation objectives” and “threats to site integrity”.

2. The applicant must provide a “Statement for Screening” prepared by a suitably qualified person as set out in the Appropriate Assessment Guidance document referred to above. The “Statement for Screening” must follow the following format:-
  - a) A description of the plan or project and local site or plan area characteristics.
  - b) Identification of all Natura 2000 sites located within 15Km of the applicant site (or > 15Km where appropriate) to include Natura sites within the County and adjoining Counties. This should be accompanied by a compilation of information on the Natura site “qualifying interests” and “conservation objectives”. This should be in the form of maps to suitable scales and the map should be cross referenced to a schedule indicating: the “site code” and “site name”, the “qualifying interests” and the “conservation objectives”.
  - c) Assessment of likely effects – direct, indirect and cumulative – undertaken on the basis of available information as a desk study or field survey or primary research as necessary.
  - d) Screening statement with conclusions.

3. Where the “Statement for Screening” concludes that the potential for significant effects on Natura 2000 site(s), arising from the project cannot be ruled out, a full “Statement for Appropriate Assessment” must be prepared in accordance with the Appropriate Assessment Guidelines mentioned above and lodged with the application.
4. The names, addresses and qualifications of the persons who prepared the “Statement for Screening”/”Statement for Appropriate Assessment” must be provided.
5. The submission on Part C must be signed by the applicant and any co-applicant.

*This advisory note is subject to modification – modifications will be placed on Leitrim County Council web site from time to time.*

*Please note: You should note on Appendix 1 of the Application Form that a Statement of Screening for Appropriate Assessment has been prepared in accordance with Part C and is accompanying this application.*

### **Directions for completing Part A of the form.**

1. Grid reference in terms of the Irish Transverse Mercator.
2. “*The applicant*” means the person seeking the planning permission, not an agent acting on his or her behalf.
3. Where the plans have been drawn up by a firm/company, the name of the person primarily responsible for the preparation of the drawings and plans, on behalf of that firm/company, should be given.
4. A brief description of the nature and extent of the development, including reference to the number and height of buildings, protected structures, etc.
5. Gross floor space means the area ascertained by the internal measurement of the floor space on each floor of a building; i.e. floor areas must be measured from inside the external wall.
6. Where the existing use is “*vacant*”, please state most recent authorised use of the land or structure.
7. Part V of the Planning and Development Acts 2000-2017 applies where:–
  - the land is zoned for residential use or for a mixture of residential and other uses;
  - there is an objective in the Development Plan for the area for a percentage of the land to be made available for social and/or affordable housing; and
  - the proposed development is not exempt from Part V.
8. Under Section 97 of the Planning and Development Acts 2000-2017, applications involving development of 9 or fewer houses or development on land of less than 0.1 hectare may be exempt from Part V.
9. Under section 96(13) of the Planning and Development Acts 2000-2017, Part V does not apply to certain housing developments by approved voluntary housing bodies, certain conversions, the carrying out of works to an existing house or the development of houses under an agreement made under Section 96 of the Acts.
10. The Record of Monuments and Places, under Section 12 of the National Monuments Amendment Act 1994, is available for each county in the local authorities and public libraries in that county. Please note also that if the proposed development affects or is close to a national monument which, under the National Monuments Acts 1930 to 2004, is in the ownership or guardianship of the Minister for Arts, Heritage and the Gaeltacht or a Local Authority or is the subject of a preservation order or a temporary preservation order, a separate statutory consent is required under the National Monuments Acts, from the Minister for the Arts, Heritage and the Gaeltacht. For information on whether national monuments are

in the ownership or guardianship of the Minister for the Arts, Heritage and the Gaeltacht or a Local Authority or are the subject of preservation orders, contact the National Monuments Section, Department of the Arts, Heritage and the Gaeltacht Phone (01 888 2178) or Email [nationalmonuments@ahg.ie](mailto:nationalmonuments@ahg.ie)

11. An Environmental Impact Statement (EIS) is required to accompany a planning application for development of a class set out in Schedule 5 of the Planning and Development Regulations 2001-2017 which exceeds a limit, quantity or threshold set for that class of development. An EIS will also be required by the Planning Authority in respect of sub-threshold development where the Authority considers that the development would be likely to have significant effects on the environment (article 103).
12. An appropriate assessment of proposed development is required in cases where it cannot be excluded that the proposed development would have a significant effect on a European site. It is the responsibility of the Planning Authority to screen proposed developments to determine whether an appropriate assessment is required and where the Authority determines that an appropriate assessment is required, the Authority will normally require the applicant to submit a Natura impact statement (NIS). Where the applicant considers that the proposed development is likely to have a significant effect on a European site, it is open to him/her to submit a NIS with the planning application.
13. The appeal must be determined or withdrawn before another similar application can be made.
14. A formal pre-application consultation may only occur under Section 247 of the Planning and Development Acts 2000-2017. While it is not mandatory, a pre-planning consultation is recommended. The applicant should contact the Planning Authority to arrange specific times and locations. In the case of residential development to which Part V of the 2000–2017 Acts applies, applicants are advised to avail of the pre-application consultation facility in order to ensure that a Part V Agreement in principle can be reached in advance of the planning application being submitted.
15. The list of approved newspapers, for the purpose of giving notice of intention to make a planning application, is available from the Planning Authority to which the application will be submitted.
16. All plans, drawings and maps submitted to the Planning Authority should be in accordance with the requirements of the Planning and Development Regulations 2001-2017.
17. The location of the site notice(s) should be shown on site location map.
18. See Schedule 9 of Planning and Development Regulations 2001 - 2017. If a reduced fee is tendered, details of previous relevant payments and planning permissions should be given. If exemption from payment of fees is being claimed

under Article 157 of the 2001 – 2017 Regulations, evidence to prove eligibility for exemption should be submitted.

19. The applicant/agent should make the owner aware that the letter will be placed on a public planning file and may be placed on the Planning Authority's website where this is the policy of the Planning Authority.
